## International Internships Programme

- + 3000 qualified human resources selected over the years
- + 74 countries from all 5 continents
- 500 organizations have participated in this project

“...The INOV Contacto Programme is an excellent opportunity for us to strengthen our ongoing activities as it gives us the freedom to test additional scientific hypotheses. On the other hand, trainees have the chance to get insight into a foreign work environment, and hereby to gain work experience and to apply their university knowledge for the first time. Altogether, we clearly have a win-win situation for both the company and the trainee.”

Jochen Förster  
Chief Operating Officer, **Fluxome Sciences**
