

# Protection tips for business trips

June 2020

## WELCOME TO PORTUGAL

aicep Portugal Global

### At the airport

Portuguese airports use top **desinfection technologies** and hospital-level desinfectants.

**Body temperature measurement** camera systems have been installed at Lisbon, Porto, Faro, Madeira and Ponta Delgada airports, in coordination with health entities.

**Recommended: Wash your hands frequently or use hand sanitizer broadly available at the airport.**

**ANA**  
AEROPORTOS  
DE PORTUGAL

Learn more at [www.ana.pt](http://www.ana.pt)

### At the restaurant

Restaurants must ensure a set of cleaning procedures as defined by health authorities. Among other, restaurants provide hand sanitizer and ensure **2-meter distance between tables**. Staff will wear masks and dishes will be washed with hot water at no less than 80°C.

**Recommended: Book your table in advance, as occupancy is limited.**

**DGS**  
desde 1899  
Direção-Geral da Saúde

### In the car

#### AICEP cars

7 seats | 4 passengers

5 seats | 3 passengers

All passengers must **use masks** at all times and **sanitize hands** before and after the trip

Surfaces of most likely contact will be disinfected before the trip

When more convenient, UBER or services alike will be used.

If you need to use public transportation, **wearing mask is compulsory**.

### At the hotel

Hotels and other tourism businesses granted with the “**Clean&Safe**” seal will commit to a set of cleaning and hygiene measures and will be randomly audited by authorities.

Find businesses with “Clean&Safe” seal at

<https://portugalcleanandsafe.com/en>

**Recommended: Wear your mask and keep distance from staff and other guests.**
